Doug Williams (Estate Manager) gave full support for action to restore the route and its surroundings, and to prevent further damage. Full consultation of stakeholders is part of the process. Regarding the section of Buckminster Lane from the edge of the village to the substation, this is currently not open to all vehicles, and listed by LCC as a pedestrian route. Buckminster Lane has recently been used – illegally - by off road bikers to form a loop connecting the Drift with Sproxton Road. In relation to the scope for introducing gating, the Chair will contact Western Power regarding their need for and views regarding access to the Sub-station. . He will also investigate the process of approving any such gating.
